Situation

Tesbabo is the name given to the settlement where our house is located. This place has a large history and it is also one of the most ancient settlements of El Hierro. This place located near the church of San Pedro del Mocanal has good connections; it is only five kilometres far from the capital, Valverde, and seven kilometres far from Frontera. A new road has recently been built; it is modern road with a 2,3 Km tunnel built across the huge cliffs of Valle del Golfo that leads you to Frontera in only 10 minutes.
