

Casa Rural LAS NUEVITAS II (HUGO)

Datos Generales

description: [Cottage house web site](http://www.lasnuevitas.countryhousegomera.com)

The owners have given these houses the name of each grandchild, Hugo is their oldest grandson. Casa Hugo has one bedroom, bathroom, livingroom with dining room and kitchen together and 2 terraces at each side.

If you choose the terrace at the north side you will find a garden with tropical fruit trees from which you can eat the fruits and you can see from there the valley of Hermigua and the banana plantations. In the afternoon you can enjoy the good position for the sun.

And at the terrace at the south side you have a nice view to the sea and the lower part of the valley. Here you can see the sunrise in the morning.

Situation

Lodging of one floor, built with stone and clay, with walls of 60 cm wide which gives a good temperature in summer and winter. Constructed in 1932 and sold to the actual owners in 2003. They have rehabilitated the house inside and outside with a wooden roof with tiles, in 2 separated units, totally adapted to the actual time.

The road which passes through the neighbourhood of Las Nuevitas, connects with the road which goes to hidden places like the beach of "La Caleta" and the zone called "Los Alamos".

There are several paths which start in this area, ideal for people who like to walk.
