

Casa Rural EMILIA

Datos Generales

description: [Cottage house web site](http://www.emilia.countryhousegomera.com)

This large house has a very particular distribution which conserves the architectural style of the old houses of the island. There is a spacious open gallery with a tile and stone covered patio on which are the entrance doors to all the rooms. The bedroom and other rooms have traditional interiors with thick stone walls and big woodern ceilings. Part of the decoration involves shelves with traditional pottery pieces. The attractive surroundings seen from the patio are the main feature of the house.

Situation

Situated between the villages of Las Rosas and La Palmita, areas with an ideal climate for the cultivation of fruit and vegetables, this place gives visitors the chance to use the many footpaths in the area, and to appreciate the high palm-trees and generous vegetation typical of this National Park area. Not far from the house is the Visitors Centre, "Juego de Bolas", where one can learn about the National Park.
